LEONARDO SERRÃO

FRONT-END DEVELOPER

JavaScript | ReactJS | TypeScript

PERSONAL PROFILE

I really enjoy transforming code into functional, responsive Apps and Pages that deliver the best experience to the final user. Forever a student, always searching about the best technologies and how to take the best out of them.

ACADEMIC HISTORY

UNOPAR - Universidade Norte do Paraná

In progress

- Analysis and Systems Development

RocketSeat

Ignite

- Study of technologies for web development, such as ReactJS, Styled-Components, TypeScript and learning to work with code reuse and componentization.

EXPERIENCE

Tata Consultancy Services

Trainee - 12/2022 to Current

- Acting on a team that provides assistance to the systems of an energy company from the United States, Exelon. All the support is made 100% in english by calls, emails and chat.

Tata Consultancy Services

Intern - 06/2022 to 12/2023

- Concluded a bunch of trainings and certifications and we made an internship conclusion project at the end, the task was to develop a application from scratch with Back-end, Database and Front-end, I was techlead of the Front-end team of my group. We used ReactJS + TypeScript + NextJS.
